一直以来,汇丰都深信,企业的成就有赖所在社区的可持续发展,因此我们倡导与社区的共同成长,繁荣进步。这一方面体现在汇丰将可持续发展与企业发展并行,并将这一理念贯穿于我们的业务与日常运营;另一方面也体现在汇丰积极与专业机构合作,投资公益慈善项目,践行对中国社会的承诺。

2016年,汇丰全年捐赠约4,900万人民币,在教育、环境和社区三大重点领域新增20个公益项目,使170余万人直接从中受益。其中不乏创新之举,如汇丰村镇银行开展的服务“三农”、立足当地的扶贫项目,不仅响应了国家“精准扶贫”的号召,也切实帮助贫困村民创收增收,实现了可持续生计。汇丰首次与中国内地金融机构交通银行共同发起城市社区为老服务项目“上海颐乐行动计划”,通过探索更创新、更可持续的发展模式,进一步深化了汇丰20余年来在中国养老领域的公益探索。

这一年,随着汇丰公益资源的日益丰富,我们与社区的联系愈发紧密。2016年,汇丰中国共有3,400余名员工贡

献了超过21,000小时的志愿服务,在全国开展数百场活动。公益也日益成为各地分行举行员工团队建设活动的重要主题,见证着汇丰的可持续发展事业不断焕发出新的生机和活力。

As one of the world's largest financial service institutions, HSBC has been running continuously in China for more than 150 years. While fueling China's economic growth, we keep taking a long-term perspective and seeking and creating opportunities, to promote the harmonious development of the society, economy and environment.

Over the years, HSBC has firmly believed that an enterprise's accomplishments rely on the community's sustainable development. Therefore, growing and prospering together with our communities is vital to our success. On the one hand, HSBC is committed to sustainable development along with business growth, and incorporates the idea into our business and daily operation; on the other hand, HSBC actively works with professional organisations to fulfill its commitment to the Chinese society by investing in philanthropy programmes.

In 2016, HSBC's total donations in China achieved around RMB49 million. We provided funding for 20 new programmes in the fields of education, environment and communities, directly benefiting more than 1.7 million people. Among these programmes were some innovative moves. For example, HSBC rural banks carried out poverty alleviation programmes to better serve agriculture, farmers and rural areas. In doing so, not only did HSBC respond to China's call for targeted poverty alleviation, but it helped poor villagers increase incomes and achieve sustainable livelihood. For the first time, HSBC launched the "Shanghai Happy Ageing Action Plan", a service programme for the elderly based in urban communities in partnership with the Bank of Communications, to explore a more innovative and sustainable development model, further deepening HSBC's engagement in elderly care sector in China in the past two decades.

Over the past year, as HSBC invested more philanthropic resources, our ties with the communities have got closer. In 2016, over 3,400 HSBC China employees participated in hundreds

of activities nationwide, contributing more than 21,000 hours of volunteering services. Charity-themed activity became an important element of local HSBC branches' staff team building, which speaks to the new vitality and vigor of HSBC's sustainability cause.

On the strength of its international network and abundant experience, HSBC adheres to the values of "acting with courageous integrity", leads the industry and reinforces its ties with local communities. The company sticks to the most stringent standard of conduct, providing clients with high-quality financial products and services. It follows clear principles and implements green credit policy, to ensure the sound operation of the financial system.

At present, HSBC is actively pressing ahead with its undertakings and community programmes in China. In 2017, we will continue to adhere to our heritage of sustainable development, to encourage our employees, clients and the general public to engage in community practises, working hard for a better future of the whole society.

发展农村金融 支持精准扶贫

DEVELOPING RURAL FINANCE SUPPORTING TARGETED POVERTY ALLEVIATION

贴合需求, 推进精准扶贫

TAKING TARGETED MEASURES IN POVERTY ALLEVIATION

自2006年起, 汇丰就开始支持公益组织在全国开展扶贫项目, 先后在河北、湖北、云南等地投入资金逾2,000万人民币, 直接帮助数千户贫困农户摆脱贫困, 使农户的自信心和可持续发展能力得到极大提升, 并因此获得世界公益慈善论坛“精准扶贫典范企业”称号。

2016年, 汇丰积极响应国家提出的“精准扶贫”贫困治理思想, 针对全国6省市的7个贫困村镇启动了贴合实际需求的精准扶贫项目, 在经济、环境、文化等不同方面, 满足村民的生存及精神文化需求, 在“输血”的同时培养村民自身“造血”能力。项目受益总数达3,600名贫困村民。在广东, 汇丰捐赠900余万人民币支持的“广东贫困农村生态农业扶贫”项目也正式启动。2016年9月, 首批经过培训的28户农户获得了每户6,000元礼品金, 用以发展以畜牧业为主的养殖项目, 同时通过建立互助组, 促进和谐社区建设, 改变当地贫穷面貌。

Since 2006, HSBC has started to lend support to charity organizations to carry out poverty alleviation programmes nationwide. More than RMB20 million was invested in provinces including Hebei, Hubei and Yunnan to directly help thousands of poor rural families shrug off poverty. This has greatly boosted farmers' confidence and sustainable development capability. For this reason, HSBC won the title of "Role Model Enterprise for Targeted Poverty Alleviation" at the World Philanthropy Forum.

In 2016, HSBC actively responded to China's idea of "targeted poverty alleviation" by kicking off a programme in 7 poverty-stricken villages across China's six provinces and municipalities, to meet villagers' survival and needs in economic, environmental and cultural aspects. While donating money, HSBC helped boost farmers' ability to make money. The programme benefited a total of 3,600 poor villagers. In Guangdong, the RMB9 million Guangdong Eco-Friendly Agriculture Poverty Relief Programme was also rolled out. In September 2016, the first batch of 28 trained farmers received RMB6,000 cash gift per household, supporting their breeding projects, mainly stock farming. Meanwhile, mutual-aid teams were set up under the programme, to promote harmonious community development and alleviate local poverty landscape.

汇丰湖南平江村镇银行13名员工志愿者分两次将当地贫困村民所需要的桃花树苗、化肥、医疗用品等物资送到村里,让81户贫困户近300人感受到来自汇丰的关怀。
 Altogether 13 staff volunteers from HSBC Pingjiang Rural Bank of Hunan delivered peach saplings, chemical fertilizers and medical supplies needed by local poor villagers in two batches, taking HSBC's care to 300 people from 81 poor households.

李中葵原是云南禄劝的一名普通家庭妇女,2016年6月,她第一次走出家门,参加了由汇丰资助、四川海惠助贫服务中心在社区组织的妇女能力建设培训,此后她在村中就变得没那么“普通”。培训第一天,当她看到姐妹们都可以勇敢自信的表达时,内心有说不出的难受。因“重男轻女”的观念,她没念过书,更不识字。但在3天培训里,她在姐妹们的鼓励支持下,开始变得自信,敢于表达。培训后她回到村里,将所学的内容分享给社区的姐妹们,并成立妇女小组,带领大家集体养殖土鸡,参与技术改造活动,以充满希望与自信的姿态撑起大山里的“半边天”。

Li Zhongkui used to be an ordinary housewife in Luquan County of Yunnan Province. In June 2016, for the first time she took training in women's capacity building in the community organized by Sichuan Haihui Poverty Alleviation Center and funded by HSBC. After that, she became not so ordinary in the village. On the first day of training, when she saw that other women were able to express themselves with great confidence, she was very upset, because she is illiterate. However, during the three-day training, thanks to other trainees' encouragement, she became self-confident and was not afraid to express herself. When she returned to her village after the training, she shared what she had learned to other women in her community, and set up a women's group. She led others to breed free-range chicken and took part in technical upgrade activities, playing a big role with a hopeful and confident posture.

PRISONERS' CHILDREN SUPPORT AND DEVELOPMENT PROGRAMME IN GUANGXI

钦州市检察院工作人员为服刑人员子女送去生活及学习用品
Employees of Qinzhou Procuratorate brought living and school supplies for prisoners' children.

“这个项目意义深远，它最大的特点和突破是实现了职能联动，由钦州市委政法委牵头、12个部门参加的政府职能部门联动机制已顺利建立，大大促进了服刑人员未成年子女的生存权健康权等基本权利的落实。”

——中国少年司法专业委员会秘书长、司法部普法万里行项目专家 刘雅清

“The programme holds far-reaching significance. Its most important trait and breakthrough lies in the establishment of a multiple government function joint effort mechanism. Led by the Qinzhou Municipal CPC Committee and the Politics and Law Committee, a work committee made up of 12 departments has been established, which is extremely helpful to prisoners' minor children exercising their basic rights such as the right to live and the right for health.”

- Liu Yaqing, Secretary General of the Juvenile Justice Committee of the China Criminal Procedure Society and Specialist with the Law Dissemination Programme of the Ministry of Justice

汇丰资助的广西钦州服刑人员未成年子女救助项目始于2013年发生的一起令人痛心的案件，钦州市检察院在办案中发现三娘湾社区丈夫杀死妻子服刑后，留下三名年幼的孩子无人照顾。在汇丰的资助下，中国社会福利基金会依托于钦州市检察官协会和广西大学开展服刑人员子女救助行动，使各个相关政府部门能及时地了解这些孩子的需求，并为其提供相应的服务。经过三年的努力，到2016年底，项目进行家庭探视、监护随访的服刑人员未成年子女达到1,389人次。

The Relief Programme for Prisoners' Minor Children in Qinzhou, Guangxi started with a heartbreaking case in 2013. When handling a case, the staff of Qinzhou Procuratorate found that a man from Sanniangwan Community who killed his wife, left three young children uncared for after he was being jailed. With HSBC's donations, the China Social Welfare Foundation had the Qinzhou Association of Prosecutors and Guangxi University conduct relief operations for prisoners' children by setting up a mechanism for related government to timely grasp the information of these children and offer adequate support from their own perspective. Through three years' efforts, by the end of 2016, 1,389 person times of home visits and follow-up were conducted for prisoners' minor children under the programme.

广东流浪儿童服务体系创新

INNOVATION OF STREET CHILDREN SERVICE SYSTEM IN GUANGDONG

杨志,从小被收留在广州市少年儿童救助保护中心,因一直无法找到家人,长期滞留在站。2016年,在汇丰广东省流浪儿童服务体系创新项目的帮助下,通过三个月的叉车培训,小杨掌握了叉车的操作技术,并通过了文考和实操的技能考核,取得了叉车操作证书。中心工作人员为他联系到了就业单位,月薪3,000元,在这个新岗位上,这位勤劳朴实、好学肯干的年轻人受到工厂同事和领导的一致赞许。

汇丰资助的这一项目,改变了传统的收容护送返家救助模式,在未成年人保护中心引进专业社工服务体系,探寻未成年人流浪的内心理原因,进行有针对性的疏导,并提供受教育和培训的机会,帮助就业,真正改变受助儿童及青少年的生存环境和精神面貌。

Yang Zhi was taken in by the Guangzhou Centre for Rescuing and Protecting Children when he was little. As his family was nowhere to be found, he stayed at the centre for many years. In 2016, under the support of HSBC's Guangdong Street Children Service Innovation Programme, after taking forklift training for three months, Yang Zhi mastered forklift operation skills, and passed written examination and hands-on skill assessment, earning a forklift operation certificate. The centre's staff found an employer for him, providing him a job with a monthly salary of RMB3,000. In the new post, this diligent and studious young man has been unanimously praised by his colleagues and the leaders of the factory.

This programme in Guangdong broke away from the traditional model of take-in, escort, and return-home, the centre introduced the professional social work service system to explore children's psychological causes for vagrancy and provide them with professional counseling. The centre also provides education and training opportunities to help young people find jobs, thereby truly changing the living environment and mental outlook of the children and adolescents.

“比比和朋友” 幼儿情绪健康教育

ZIPPY'S FRIENDS - IMPROVING CHILDREN'S EMOTIONAL WELL BEING

Yuyu is a kid from Mianhua Hutong Kindergarten at Xicheng District, Beijing. She has a temper. When she is mad, she always pouts and puts her hands on her hips, ignoring anyone else. Today, for some reason she is in a sulk again. Hanhan approached her and asked her what was wrong. She ignored him. Hanhan said anxiously, "How can I know why you are upset if you don't speak out?" After hearing this, Yuyu was quiet for a while. Then she announced what made her mad loudly. Hanhan became very excited, saying "Yuyu is no longer silent. She can tell how she feels now just like what we learned from Zippy class." Yuyu spoke increasingly softly, and Hanhan also found out what upset her and helped her solve the problem.

Given the universal lack of social skills among Chinese children, HSBC introduced Zippy's Friends, the WTO-certified programme that has been successfully launched in 30 countries and regions around the world. In 2016, the programme continued to be implemented in more than 300 kindergartens in Beijing, Tianjin, and Shaanxi. Tens of thousands of children took the course. In lively and fun ways, the programme has effectively improved children's ability to cope with their emotions and improve interpersonal skills.

北京西城区棉花胡同幼儿园的玉玉有她自己的小脾气,当她生气的时候,总是插着腰,嘟着嘴,谁都不理,自己生闷气。今天不知怎么的,又站在那里生闷气,涵涵到她身边,问她怎么了,她不理不睬。涵涵着急地说:“你不说别人怎么知道你因为什么生气啊!”玉玉听完这话沉默了一会儿,大声表达着自己生气的事。涵涵听到玉玉的话兴奋极了:“老师,玉玉不自己生闷气了,她能像比比课堂上说的那样说出自己的感受了。”说出自己感受的玉玉说话声音变低了,涵涵也了解了玉玉生气的理由,帮她想办法,和她一起解决问题。

针对中国儿童普遍缺乏社会交往能力的问题,汇丰引进了经过世界卫生组织认证,并在30多个国家成功实施的“比比和朋友”课程。2016年,这一项目继续在北京、天津、陕西300余所幼儿园实施,数万名幼儿参与课程,通过生动有趣的方式有效提升了幼儿应对情绪问题的能力和人际交往的能力。

HSBC supported China Social Welfare Foundation and the National Institute of Education Sciences to carry out the Rural 3-6 Years Old Left Behind Children Emotional Well Being Programme in 6 provinces and municipalities that are Shaanxi, Gansu, Chongqing, Hebei, Henan and Jiangsu, since 2015. Through multiple methods including designing education material and activities and training teachers, this Programme has offered long-term support to rural left-behind children and provided intervention to children at risk. So far, good impact has been achieved.

More than 200 volunteers left their traces of accompanying children here. 20年来,汇丰始终关注和支持中国为老服务的发展,通过与中华慈善总会中国长期照护委员会合作,培训了数以万计的养老机构管理者和护理员,并资助出版国家指定的培训教材和制定行业服务标准,全面改善城市和农村的为老服务能力,推动中国养老行业发展。

Over the past two decades, HSBC has been committed to supporting service for the elderly in China. By teaming up with China Charity Federation, HSBC has trained tens of thousands of managers and care-takers with long-term care institutions. It also provided funds for publishing state-designated textbooks and setting industry service standards, improving the ability to serve elderly people in cities and rural areas and promoting the development of the Chinese geriatric care industry.

助力农村养老 PROVIDING RURAL ELDERLY CARE

“虽然我的母亲不能进行语言沟通,但是她的一个动作甚至眼神,护理员都能很快明白,及时回应。”王子荣老人的女儿发自内心地感激护理员。83岁的王子荣老人,3年前因突发脑血栓导致半身不遂,丧失语言能力,子女们担起了照顾的责任但觉得心有余而力不足,毕竟专业照护要依托医疗、康复、护理资源,老人身处农村,这样的服务十分稀缺。

北京市门头沟区潭柘寺镇敬老院是“汇丰中华慈善老人关怀计划-农村失能失智老人长期照护”项目点之一,2016年初完成了设施改造和护理人员的专业培训,开始接收不能自理的老人。老人家属获悉后,第一时间给老人办了手续。入住前,家人担心老人不能用语言表达自我,得不到相应的照护,顾虑重重。经过一段时间的观察,子女们发现老人的精神面貌明显好转,这得益于护理员的专业悉心照护。2016年,汇丰支持的“农村失能失智老人长期照护”项目在全国已开设了多个示范点,对于我国建立失能失智老人长期照护服务模式和体系有良好的参考作用。

“Although my mom cannot talk, the care-takers can understand her by every move and even look of hers and then respond quickly,” said Wang Zirong’s daughter, and she is deeply grateful to the care-taker. Wang Zirong is 83 years old. Three years ago, she suffered from sudden cerebral thrombosis, which caused hemiplegia, and she could no longer talk. After that, her children took turns caring for her, yet they

were overstretched as professional nursing required medical, rehabilitation, and nursing resources. However, the old lady lives in the countryside, where such service is absent.

Tanzhe Temple Township Elderly People Nursing Home in Mentougou District, Beijing is one of the project sites under the HSBC China Charity Elderly Care Programme – Improving Rural Welfare Home’s Long Term Care Capacity to Better Support Rural Left-Behind Elderly People. In early 2016, infrastructure improvement was completed, and professional training for nursing staff was provided. The nursing home started to take in elderly people who could not take care of themselves. Upon learning the news, Wang Zirong’s children went through the formalities for her. Before she settled in the nursing home, they were worried that she could not get proper care because she was unable to express herself. Yet later they found that her mental outlook improved significantly, which was ascribable to the care-takers’ professional and careful nursing.

In 2016, quite a number of such demonstration project sites were set up across China under the HSBC’s programme. It provides good reference for establishing long-term care service model and system for disabled elderly people and those with dementia in rural China.

家住上海五角场北茶园社区的张锦华老人今年74岁，大家都称赞他“年纪大，公益劲头儿更大”。“银龄助老，欢乐夕阳”是他发起的第3个公益项目，获得了“交行·汇丰上海颐乐行动计划”的资助。此前他发起的“见证金婚，幸福相伴”和“见证金婚，弘扬慈孝”项目已经相继得到“汇丰社区伙伴计划”的支持。

当发现金婚项目已不能够完全满足社区老人的需求时，闲不下来的张老继续在社区寻找资源。“阳光谈心室”是为独居老人提供交流的场地，平日偶有老人来闲聊。他想，除了在这儿说说话，还有什么事情可以让大家焕发更多活力？2016年，“交行·汇丰上海颐乐行动计划”在北茶园试点，张老打算升级现有的“阳光谈心室”，于是就有了第3个项目。在原有聊天会的基础上，项目为老年人设计了节日社区文艺团队汇演、定期提供为老志愿服务、举办老年趣味运动会等，激活了这个场所，大家的晚年活动也丰富了起来，越来越多的老年志愿者加入到这一公益行动中。

“交行·汇丰上海颐乐行动计划”是汇丰与交通银行在2016年共同出资发起的大型公益项目，作为积极回应老龄化社会的创新尝试，希望能够借此探索上海老龄化社区服务的新模式，推动国家养老事业的进步。目前此项目在上海5个街道试点执行，预计资助为老服务项目90个，惠及沪上5万社区居民。

Zhang Jinhua, 74, lives in Beichayuan Community of Wujiaochang, Shanghai. He is praised for his devotion in the public welfare undertaking. Happy Elderly Life is the third public-welfare programme initiated by him, and it was financed by the Bank of Communications - HSBC Shanghai Happy Ageing Programme. Prior to that, he sponsored the “Witnessing Golden Wedding, Happy Company” and “Witnessing Golden Wedding, Carrying Forward Filial Care” programmes, both of which were funded by the HSBC Community Partnership Programme.

When he found that the two programmes could not completely meet the needs of elderly people, Zhang Jinhua continued to seek resources in communities. “Sunshine Chat Room” is a place for elderly people living alone to communicate. Sometimes elderly people go there for chatting. He thought, “Apart from talking, what else can we do here?” In 2016, the Bank of Communications - HSBC Shanghai Happy Ageing Programme launched pilot run in the Beichayuan Community. Moreover, Zhang Jinhua wanted to upgrade the “Sunshine Chat Room”. That gave birth to his third programme. Apart from the chatting sessions, the programme also provides festival community art performance, offers regular volunteer service for the elderly, and holds fun games to activate this place. Increasingly more elderly volunteers have joined the action.

The Bank of Communications - HSBC Shanghai Happy Ageing Programme is a large public welfare programme jointly launched by HSBC and the Bank of Communications in 2016. As an innovative attempt to actively respond to the aging society, the programme is intended to explore new service models for ageing communities in Shanghai, and promote the progress in China’s elderly care undertaking. Currently, the programme is in pilot run in 5 neighbourhoods around Shanghai. It is expected to fund 90 programmes for elderly people, benefiting some 50,000 residents in Shanghai.

“小弟弟小妹妹跑开点，敲碎玻璃么老价钿”。一群孩子跟着老师在唱什么呢？原来是“沪语童谣讲财商”课堂开班了！董雪平老师是“孩子王”，他花了一周时间研究目前的财商教案，并因地制宜改善了课件。当讲到货币来源时，他通过古人打猎以物易物的图片进行深入浅出的讲解，极大提升了孩子们的学习兴趣。通过活泼的教学及各类体验活动，孩子们知晓了金钱的来源，懂得了消费、预算、储蓄等金融知识。不少家长反馈说，参加财商培训后，孩子有了很大变化，“懂事了，知道爸妈赚钱不容易”，“零花钱舍得给爷爷奶奶买点心了”，“主动提出通过做家务赚零用钱”……

2016年，汇丰资助的“上海市社区青少年金融教育公益项目”以参与式的教学模式，开设少儿金融理财课程，帮助上海市上万名8-14岁的小学和初中生学会计划用钱，提高财商和理财能力。

“Stay clear, boys and girls, if you break the glass, you'll have to pay the full price”. What were the children singing along with their teacher? It turns out the Shanghainese children's folk class for financial quotient (FQ) started. The teacher, Dong Xueping, has a way with kids. He spent one week studying the current teaching plan for FQ, and then improved the courseware. When talking about the origin of money, he illustrated with the pictures of ancient people going hunting and exchanging goods, which greatly aroused children's interest for learning. Through lively teaching and experiential activities, the children learned about the origin of money and acquired financial knowledge about consumption, budget, and savings. Many parents reported great changes in their children after taking the training. “Now he knows that it is not easy for us to make money”, “Now he is willing to spend his pocket money buying refreshments for his grandparents”, or “ She offers to make allowance money by doing house chores”...

In 2016, funded by HSBC, the Shanghai Community-based Financial Literacy Education for Children and Youth Programme provided financial courses for kids in participatory teaching model. It helped over 10,000 primary and secondary students aged 8-14 learn to spend money, significantly improving their FQ and money management ability.

何姨是家住广州的退休居民，闲暇时爱好参与义工活动。去年，她被汇丰发起的“精明耆英”长者金融知识推广项目举办的防骗宣传活动所吸引，她得知很多街坊年纪渐长，易被骗子盯上，除了损失金钱以外，对个人的心理健康、家庭关系都造成了不良影响。

热心肠的何姨希望自己和身边的邻里都能够成为“精明长者”，避免受骗。接触项目以后，她经常向警察和社工了解行骗手段，把海报和信息热心转告有需要的街坊。项目计划培养一批长者义工领袖作为“精明大使”，招募时何姨率先报名，通过培训“上岗”后，她充分发挥自己了解社区的优势，和其他“大使”一道在社区中推广防骗知识。通过与广东广播电视台城市之声节目合作，“精明大使”还和汇丰志愿者共同录制防骗广播剧，借助广播和微信将影响力传送到更广泛的地方。

目前，项目在广东举办了超过400场宣传活动与社区讲座，还以粤剧、微电影等寓教于乐的形式，为6万余长者及其家属提供服务，有效提高长者的防骗意识和能力，关怀并支持长者发展。

Aunt He is a retired resident in Guangzhou. When she gets the time, she loves taking part in volunteer activities. Last year, she was attracted by a fraud prevention publicity activity held under the Smart Seniors-Guangdong Elderly People Financial Literacy Education Programme funded by HSBC. She learned that many elderly neighbours were easy targets for swindlers. In addition to financial losses, such fraud has harmful effects on personal mental health and family relations.

Being warmhearted, Aunt He hoped that her neighbours and herself would become smart seniors and avoid scams. After she learned about the programme, she often consulted policemen and social workers about swindling means, and forwarded posters and information to neighbours who needed them. Under the programme, it was planned that a number of elderly volunteers should be recruited as “smart ambassadors”. Aunt He was one of the first to have signed up. After taking training, she became a volunteer. She made the best of her knowledge about the community, and worked with other “ambassadors” to spread fraud prevention knowledge in the community. These ambassadors also worked with HSBC volunteers to make a record of an anti-fraud radio drama, so as to expand the influence through radio and WeChat.

北京进城务工人员公益话剧金融知识普及

BEIJING RURAL MIGRANT WORKER CHARITY DRAMA FINANCIAL LITERACY PROGRAMME

2016年9月20日，国内首部进城务工人员金融公益话剧《乌托咖啡馆》登上国家大剧院的舞台，全国优秀农民工代表、在京进城务工人员千余人观看了演出。故事根据北京进城务工人员的真实案例改编：咖啡店服务员小卡和男友星宇、老乡老吴希望赚钱回乡创业，而“财富恒”网络金融的“白富美”胡晶晶以高收益低风险为利诱拉拢集资，小卡看到社区的防范打击非法集资宣传海报后对“财富恒”表示怀疑，觉得银行的创业贷款更可靠，胡晶晶则说服老吴瞒住小卡进行投资，最后老吴发现自己被骗，后悔不已……

On September 20, 2016, Utopian Café, the first financial charity drama for migrant workers in China, was put on at the National Centre for the Performing Arts. More than 1,000 representatives of excellent migrant workers from around the country and migrant workers in Beijing watched the performance. The drama was adopted from a true story of migrant workers in Beijing: Xiao Ka, a waitress of a café and her boyfriend Xingyu, as well as Wu, her fellow-townsmen wanted to make money, so that they can return to their hometown to start a business. Yet Hu Jingjing from Caifuheng Internet Finance offered to raise funds by promising high profits and low risks. After seeing a poster on cracking down on illegal fund raising in the community, Xiao Ka was doubtful about the Caifuheng, thinking the bank's startup loan would be more reliable. Hu Jingjing talked Wu into making investment without letting Xiao Ka know. Finally, Wu found out that he had been tricked and regretted very much...

该剧首演效果很好，先后在北京举办10场正式剧场演出，12场剧本朗诵会，还在农民工聚居的社区巡回演出，邀请金融监管干部现场客串，解答外来务工观众的提问，使农民工朋友既丰富了业余生活，又收获了金融知识。

汇丰从2012年开始投入资金关注进城务工人员金融教育方面的需求，以创新的公益话剧表演等方式，创造了“万名进城务工者金融教育”的先例。

The drama was an instant success. Ten performances were put on in Beijing, and 12 dramalogue were held. A performance tour was also staged in the communities where migrant workers gathered. Financial regulation officials were invited to play a part in the drama and answer the questions raised by the audience. This way, migrant workers both had fun and acquired financial knowledge.

In 2012, HSBC started to provide funds to meet migrant workers' demand for financial literacy education. In the form of innovative drama, it set a precedent of providing financial literacy education for 10,000 migrant workers.

作为可持续发展战略的一部分，汇丰积极管理自身业务发展对环境的影响，同时通过聚焦自然生态环境的保护和价值倡导，资助多个专业组织开展公益项目，引导客户和业界增强对环境和资源的保护意识，促进可持续发展。

As part of its sustainable development strategy, HSBC actively manages the impact of its business development on environment in addition to protection of natural ecological environment. It supports environmental programmes carried out by professional organisations, and guides its clients and the industry to heighten the awareness of environmental and resource conservation, so as to promote sustainable development.

管理环境足迹

MANAGING ENVIRONMENTAL FOOTPRINTS

汇丰自2006年起就设立了较为完善的环境管理体系，从绿色金融、环境风险、环境足迹等方面多管齐下，最大限度减少自身对环境资源的消耗，并引导员工、客户乃至社区，去身体力行地保护环境，促进可持续发展。

HSBC has established a sound environmental management system since 2006. By taking the combined measures including green finance, environmental risk and environmental footprint, HSBC minimised the consumption of environmental resources, to guide employees, clients and even communities to do their part to protect the environment and promote sustainable development.

2016年，汇丰继续在全行倡导有效利用自然资源，降低能耗，促进环境友好型银行建设，具体举措有：

In 2016, HSBC continued to advocate the effective utilisation of natural resources to reduce energy consumption and facilitate environmental-friendly bank building. Specific measures included:

- 倡导环保节能

在全行范围内提倡员工下班后关闭个人电脑，以减少耗电，此举每月可节电110,000余度；同时，在各地推行“每晚关灯两小时”（即在夜间9-11点关闭银行外部灯箱照明）、“午间熄灯一小时”及更换LED灯，实现每年人均节电120度。

- Advocating environmental protection and energy saving

HSBC called on employees to shut down their PCs when clocking out, so as to reduce power consumption. This saves 110,000+ kWh of electricity each month. Meanwhile, the bank implemented the “Two Hour Off” initiative to turn off all HSBC’s outdoor advertising light boxes every night from 21:00 to 23:00, “One Hour Off” initiative to turn off the lights during lunch break, and replacement of halogen lamps with LED lamps, saving 120 kWh per head annually.

- 减少废弃使用

汇丰在各地分行设置垃圾集中处理点，以促进垃圾的集中处理及分类回收；同时，每日检查打印机的内部数据报告，以控制打印量，推进无纸化办公。此举每年可人均减少废弃物22公斤、用纸量35公斤。

- Reducing use of waste

By establishing centralised waste disposal points at its local branches, the bank successfully achieved centralised processing and classified collection. Meanwhile, internal data reports of printers were checked on a daily basis, to control the amount of printing and create a paperless office. This can save 22 kg waste and 35 kg paper use per head annually.

- 鼓励低碳出行

在汇丰上海总部大楼各部门加装视频会议系统，降低出差需求；同时优化员工“铁路”出行的差旅补贴政策，以鼓励员工低碳出行，并通过各部门出差报告由部门领导控制差旅支出；2016年，汇丰全行月均机票支出同比2015年减少29%，人均年碳排放量减少0.24吨。

- Encouraging low carbon travel

HSBC China installed video conferencing system at its Shanghai headquarters, so as to reduce the need to travel. Meanwhile, the bank optimised travel subsidy policy towards employees traveling by train, to encourage employees to adopt low-carbon travel, and provided data reports to help department heads to reduce travel expenses. 在长江上游，汇丰与山水自然保护中心合作，联合川甘两省的林业保护部门，保护水源林地，助力当地社区生态产业的发展。到2016年，项目通过试点社区保护与发展实践，使300,000公顷以上的水源林得到有效保护，每年近2,000万生态补偿资金得到有效使用，影响100个社区58,000余人，保障成都市100万人的饮水安全。其中，平武县关坝流域自然保护小区的试点经验被纳入四川省《重点改革试点典型案例和经验推广清单》。

In the upper reaches of the Yangtze River, HSBC teams up with Shanshui Conservation Centre and works with the forestry protection authorities in Sichuan and Gansu provinces to protect headwaters and forest land and promote the ecological industry in local communities. In 2016, through conservation and development practices in pilot communities, more than 300,000 hectares of forests for water conservation were effectively protected. Each year, nearly RMB20 million of ecological compensation fund is effectively utilised, influencing over 58,000 people in 100 communities and protecting drinking water safety for one million people in Chengdu. 李芯锐是四川省平武县木皮乡关坝村的村民，在外地打工长达10年，2011年回家结婚，打算办完喜事继续外出打工。当时父亲刚刚当选为村里养蜂合作社新一任的理事长。谁料一上任就遇到一系列难题，父亲压力很大。在了解到家乡合作社和社里所做的生态事业后，李芯锐被吸引住了。“我对家乡的环境一直有所担忧，我们小时候河水清得可以徒手摸鱼，如今水少，鱼更少，到处是垃圾，生态环境变化太大了。”他说，现在有了合作社这个平台，虽然状况堪忧，但让人看到了改变环境、实现理想的希望。于是，他留了下来，开始帮着年迈的父亲打理起合作社的事务来。为了壮大规模发展会员，他深夜跟着老辈子们一户一户到会员家里去检测蜜的质量，时常被蛰得浑身是包；为了“藏香土蜜”商标的申请注册、包装设计，他跑遍工商、税务、质检部门，四下里找人协助帮忙；为了打开销

Li Xinrui is a farmer from Guanba Village of Mupi Town in Pingwu County, Sichuan Province. In 2011, he returned to his hometown after working in cities for ten years to get married and had planned to leave again after the wedding. At that point, his father had just been elected the new head of the village's bee-keeping co-operative. However, his father encountered a host of problems and came under great stress. After learning about the ecological business that the cooperative was working on, Li Xinrui was attracted. "I had always been worried about my hometown's environment. When I was little, the water in the river was so clear that we could catch fish by hand. Now, however, there is less water and fewer fish and garbage is littered around. There has been too much change in the ecological environment," he said. Now, with the cooperative, although the condition was still concerning, people could see hope for changing the situation and realizing their dreams. So he stayed and started to help his father handle the matters at the cooperative. To increase the number of members, late at night he went to test the quality of honey at one household after another with his elders, and often he was stung and got bumps all over; in order to obtain the application of the "Sweet-scented Honey" trademark and packaging design, he visited

售渠道，他不仅要经营张罗合作社的淘宝店，还要奔波参加各种市集和展销会……他自嘲说这几年好像一直在做吃力不讨好的事，但为了实现建设环境友好产业的美好愿景，他觉得一切都是值得的。2016年，在汇丰项目的支持下，关坝村设立了全省第一个自然保护区试点。有了这个平台，更多的资金和技术进来了，各种利益相关方都行动起来，共同保护自然环境，实现资源的可持续利用。李芯锐的养蜂合作社也得到了更好的支持。现在，李芯锐的养蜂事业终于步入正轨，合作社扭亏为盈，除了将千余斤蜂蜜作为生态产品“熊猫蜂蜜”的原料，还与北京一家健康有机生活馆签下6,000斤的订单，实现了养蜂收入为环境保护提供固定经费的初衷，也初步建立起生态产业与社区发展和保护的反馈机制。

the industrial and commercial administration, tax and quality inspection departments many times; to expand sales channels, not only did he need to run the cooperative's store on Taobao.com, but he also needed to go to all kinds of fairs and trade shows. He noted that he had been doing arduous but fruitless work over the past few years, but in order to realise the great vision he thought that it was all worthwhile. In 2016, support by the HSBC Programme with Shan Shui, Guanba Village established the Province's first Nature Conservation Zone pilot, the platform of which has helped consolidated resources and attracted more money and technology and facilitated collaboration of all stakeholders into joint conservation effort to realize sustainable utilization of nature resource. Li's bee-keeping cooperative won better support. Now, Li Xinrui's honey business has finally got on the right track. In addition to more than 500 kilograms of honey sold as ingredient for ecologically-friendly product "Panda Honey", the cooperative has signed an order for 3,000 kg of honey with a Beijing-based organic life house, realizing the original intention of using beekeeping income for environmental conservation. Meanwhile, a feedback mechanism for ecological industry and community development and conservation has taken shape.

PUBLIC WELFARE GROUPS IN ACTION

汇丰希望员工通过公益项目和志愿服务承担更多的社会责任，并由此提升团队精神、培养服务技能、挖掘员工的潜力和可能性，这体现在企业可持续发展平台和公益资源被各部门广泛应用于人才培养和团队建设。

2016年，由环球金融和市场部组成的志愿团队，为北京牧羊地儿童村的60多名孩子，搭建起了葡萄架，希望来年孩子们能吃上新鲜葡萄。12月，汇丰中国首席运营官刘国源带领各地分行的副行长来到儿童村，在寒冷的冬日给那里的孩子们举办了温暖的生日派对。

HSBC encourages employees to undertake more social responsibilities under charity programmes and volunteering services, thereby boosting team spirit, cultivating service skills and exploiting the employees' potentials and possibilities. This is evidenced that the bank's corporate sustainability platform and public service resources are widely applied by the departments for talent cultivation and team building.

In 2016, a volunteer team made up of HSBC Global Finance and Marketing initiated the Project Vineyard, setting up grape trellis for more than 60 children from the Shepherd's Field, in the hope that children could have fresh grapes in the next year. In December, HSBC China COO Kwok Yuen LAU led vice managers of local HSBC branches to Shepherd's Field, holding a birthday party for children there on a cold winter day.
